# EMPLOYER INFORMATION

Ivy Tech Community College values its partnerships with local employers. The purpose of the Integrated Technology Education Program is to increase the pipeline of skilled workers in advanced manufacturing. Employer partners will be asked to provide supportive services, such as tours of facilities, job shadowing, Subject Matter Expert (SME) visits to the classrooms, mentoring, and internships.

For further information, please contact Jan Bailey, Program Manager, Ivy Tech Community College, Youth CareerConnect Grant, Integrated Technology Education Program (ITEP) at jabailey@ivytech.edu or (800) 459-0561, Ext. 5541
