

## BREAK ROOM

### SPACE DESCRIPTION

The Break Room offers a nearby space for employees to step away from their workstation without leaving their department or floor. Room dimensions may vary depending on the anticipated number of occupants. Equipment needs include a refrigerator, microwave, double sink, and sitting area to accommodate lunch breaks. These spaces can also allow for collaboration between employees as an informal meeting space.

### TECHNOLOGY

Provide power and data.

Provide power for provided equipment. Provide power above counters. Power outlets within 6' of the sink shall be GFCI.

### FURNITURE

Table with 4 chairs is recommended.

### CASEWORK

Base and upper cabinets.

Solid surface countertops are required at all wet and chemical locations.

### ACCESSORIES AND EQUIPMENT

Full sized refrigerator, microwave, and double sink is minimum.
